OUR EVENT

The Tournament

Our Second Annual Tournament to raise money for Epilepsy Canada will be held on Saturday August 21st 2021 at Legacy Ridge Golf Club in Owen Sound, Ontario.

Nestled along the shores of Georgian Bay, Legacy Ridge Golf Club is a premier golfing destination. Established in 1920, this Semi-Private, 6,145 yard, 18-Hole Stanley Thompson design offers a challenging experience to golfers of every level. The view while playing holes situated atop the Georgian Cliffs is especially beautiful, as you look out across the gorgeous blue waters of Georgian Bay.

Saturday August 21st 2021

The Cause

My wife Brittany and I moved to Grey County approximately 4 years ago. She suggested we look into local events dedicated to epilepsy awareness. It soon became clear that there wasn't any. The closest being over one hour away. We then took the initiative to research and reach out to Epilepsy Canada in hopes to raise awareness and create an annual event in Grey and Bruce county.

We created Grey-Bruce Epilepsy Classic Golf Tournament to raise money for epilepsy research to support people in our community who, like myself, are dealing with epilepsy.

Epilepsy Canada is a registered Canadian charity dedicated to positively affecting the lives of those living with epilepsy and a leader in funding Canadian Epilepsy Research.

We chose to partner with Epilepsy Canada because they are near and dear to my heart, their mission being to find a cure through research. I believe that funding research for new medications, so that fewer people suffer from uncontrolled seizures is a fantastic mission.

Past Success

Growing Our Event

Our inaugural event took place last year, on September 19th at Legacy Ridge Golf Course. Being our first event, and Covid-19 restricting most of our daily activities, we weren't sure what to expect. The support of so many left my family and I speechless.

We are absolutely thrilled that the Grey/Bruce Epilepsy Classic was able to **raise \$17,671.50 towards epilepsy research** through Epilepsy Canada!

A huge thank you to all sponsors, donors, attendees, volunteers, and anyone who has supported us through this amazing endeavor. None of this would have been possible without the support they've shown us time and time again.

OUR STORY

My Story

I grew up as a completely “normal” kid. I never knew about or tried to understand what epilepsy was. All of this changed when I was sixteen years old when I was diagnosed with epilepsy.

In March 2014, I suffered a pretty severe grand mal at work. Since that date, my seizures have been uncontrolled. I experience 30-40 myoclonic jerks per day, 2 or 3 grand mal seizures per month, and have begun to experience absence seizures, which is something I never suffered from previously.

Working with my neurologist we have attempted numerous medications to help reduce the severity and frequency of my seizures. Unfortunately, we haven't yet been able to control them.

My wife Brittany and I moved to Grey County approximately 3 years ago. She suggested we look into local events dedicated to epilepsy awareness. It soon became clear that there wasn't any. We then took the initiative to research and reach out to Epilepsy Canada in hopes to raise awareness and create an annual event in Grey and Bruce county. We created Grey/Bruce Epilepsy Awareness on various social media platforms in hopes that our posts would encourage and inspire others, like myself, who are dealing with epilepsy.

Epilepsy Canada is near and dear to my heart because it is dedicated to finding a cure through research. I believe that funding research for new medications, so that fewer people suffer from uncontrolled seizures is a fantastic mission.

- Alek Stewart

“Whether you're a patient, or a loved one, always remember that you are not alone in this.”

My Story

“Living with my husband who has uncontrolled seizures, we have really learned to accept the bad days but truly embrace the goods days. (That’s why we feel) it is so important to fund research to find a cure. This would allow us to embrace more and more good days and have to accept less and less bad days.”

-Brittany Stewart
